About

Unbridled Talent is a CIC (Community Interest Company) that looks to support talented riders in reaching their full potential. There are so many talented riders around us who just don't have the support to get them anywhere...

On Sunday 26th April we're hosting a launch event which will raise money for the league system we're creating this year. The league will consist of SJ and dressage events initially, with ODEs once it's kicked off a bit! At the events (which will be held at as many accessible venues as possible) you are able to win points alongside rosettes. Those points are added up and at the end of the series (usually yearly quarter) the person with the most points will be considered for sponsorship.

This series has been created to help people on a total case by case basis. If you are at the top of the leaderboard, it does not guarantee sponsorship (but we can help redirect your available resources to get you where you want to go). There will be a process in place to ensure only the people who really need help receive it. It understands people's lives are not straight forward and takes everything into consideration.

"If you could help by sharing the event on social media, entering or volunteering it would be much appreciated as we can only push this so far on our own. We've put lots of effort in to make this launch event as special as possible so we really hope you can help!" - Genna Snow, Unbridled Talent.

See you there!
