Additional Hunter Trial Info

Judging

The winners will be determined on a combination of penalties for faults (such as falls, run outs and refusals). In the event of two or more competitors having the same score the time taken to complete the optimum time section (which is a test of skill) shall determine the winners. The optimum time will be published before the event.

Speed

Whilst competitors are expected to complete the course at a fair hunting speed, the fastest time section will be clearly marked on the course plan.

Riders must ensure that they **WALK to the Starting Box and away from the Finish Line**. This is to ensure that competitors on the course are not impeded in anyway. If anyone is deemed to be riding recklessly through the gateway, either before or after completing the course, they will be disqualified.

Please can all competitors walk through the gateway between the hill field and the show field.

Competitors retiring from any part of the Course shall leave the course at a **WALK** and shall take every precaution to avoid disturbing other competitors. If a competitor is eliminated they may, at the discretion of the cross country steward, if it is safe to do so, continue. They may opt to jump a smaller course, HC, to build confidence. If there are any concerns in regard to the welfare of the horse or rider, they may be asked not to continue. The cross country stewards decision is final.

Jumping Order

Competitors must jump the fences in numerical order and leave red flags on their right and white flags on their left. Any competitor who misses a fence must either return and jump that fence and subsequent fences in the correct order or shall be eliminated and must retire from the course.

Falls

- 1) Horse Falls - When a horse falls during any class, the competitor is immediately eliminated and must retire. A horse is considered to have fallen when at the same time its shoulder and quarters have touched either the ground or the obstacle and the ground, or when it is trapped in a fence in such a way that it is unable to proceed without assistance or is liable to injure itself. This does not prevent horses which stumble or refuse, thus unseating the rider, from being remounted to continue, subject to point 2)
- 2) Rider Falls - After two falls which are not Horse Falls the competitor is immediately eliminated and must retire. If any official feels that the rider is unfit to continue after a fall the competitor will be asked to retire. A rider must not be allowed to remount after a fall if there is any element of doubt as to their fitness, irrespective of the wishes of their parents, trainers etc. Further participation may be possible following medical examination. If a rider has a second fall, they must retire.

It is recommended that competitors who suffer a fall should see the nominated first aider before leaving the event; however, competitors are to take their own responsibility in doing so.

CONCUSSION Any rider who sustains concussion shall under no circumstances compete again for at least the remainder of that day, or until fully satisfied thereafter that there are no lingering effects from concussion. It is strongly recommended that competitors seek the advice of a qualified Doctor before competing again.

Competitors are strongly recommended to check their hats regularly and to replace them if damaged or following a fall.

How your position is determined?

Penalty points are incurred as the result of the negotiation or attempted negotiation of an obstacle and are awarded to each competitor, the winner being the competitor with the least penalties. In the event of equality of penalties the competitor with the fastest in the timed section will be the winner.

Penalties

Jumping Penalties

First refusal, circle or run-out at an obstacle	20 points
Second refusal, circle or run-out at an obstacle	40 points
Third refusal, circle or run-out at an obstacle	Elimination

Other Penalties

Fall of horse and/or rider anywhere on the course	60 points
Error of course not rectified	Elimination
Retaking an obstacle already jumped	Elimination

The Water

Mini & Intro to XC Classes – Completely optional, it will not incur any penalties, however only 3 attempts may be made, after which you will need to move onto the next fence.

50cm, 60cm and Pick & Mix Classes – The water can be missed; however, you will incur 20 penalties. If you attempt the water and have any problems you will incur those penalties, in addition to the 20 penalties for missing the water.

70cm, 80cm and 85cm plus Classes – The water is fully included as part of the course and will incur penalties in line with all other fences.

Pairs Classes – Each horse will be marked separately, as with all jumps on the course. For example, if one rider missed the water it would be 20 penalties, if both missed the water it would be 40 penalties.

Please note that after 3 attempts at the water you will be asked to use the alternative route and continue the course, this is to allow competitors following clear access to the water jump.

How are penalties awarded?

Jump based penalties - Refusals / Run outs / Circles (see below for further details)

If you fail to go over a jump on valid attempt, you will receive 20 penalties. The penalties apply to a rider, so if competing in a pair each rider can receive penalties for the same jump. You can only have two jump-based penalties at a jump, if you have a third then you are eliminated. Note if you miss out a jump you will be eliminated.

How do I get eliminated?

- You refuse / run out / circle at three times
- You miss a jump
- Failure to comply with the rules
- Disrespect for any duly appointed officials
- Dangerous riding
- Unseemly behavior
- Bad language
- Misuse of the whip or spur
- Ill treatment of a horse
- Lameness, unfit or exhausted horses

If you are eliminated, and it is safe to continue you may do so, as long as you switch to a smaller course. If the judge / steward is concerned about the safety of you or your horse, you will be asked to retire.

Refusals / Run outs / Circles

Refusals At obstacles a horse is considered to have refused if it stops in front of the obstacle or element to be jumped. If a horse then steps back, this is considered a refusal. After a refusal, if the competitor redoubles or changes his effort, still without success, or if the horse is re-presented at the obstacle after stepping back and stops or steps back again, this is a second refusal and incurs further penalties. A third refusal incurs elimination.

At obstacles a stop, followed immediately by a standing jump is not penalised, unless the stop is sustained or in any way prolonged. Stepping back, even one foot, this is a refusal.

Run-Outs A horse is considered to have run out if having been presented at an obstacle it avoids that obstacle in such a way that it has to be re-presented.

Circles A horse is considered to have circled if it crosses its original track, from whichever direction, while negotiating or attempting to negotiate the obstacle, or any part thereof. If a horse completes a circle while being re-presented at the obstacle after a refusal or a run-out, it is penalized only for the refusal or run-out but not for both.

Examples of the above (note 10a / 10b are considered a combination jump)

Gaps between riders

Each rider will set off at approximately every 2-3 minutes. It is very unlikely that one rider will catch another. If it does happen it is okay to pass another horse but only do so between fences, you can only pass if you can do it safely and not near a jump. If another horse has blocked your path and you feel unduly hindered please make your case to the judges and a decision will be made. The jump judge should clear the course, however if you feel in danger of being impeded, please call out ahead to 'CLEAR THE COURSE!!!'

Pick & Mix Classes

Pick & Mix classes are a real Tumpy Special. They have been designed to allow riders to get out and compete and have fun, challenging themselves at a level that suits them. They really are exactly what it "says on the tin", you choose any jump in the line between 50cm and 80cm. It may mean that some competitors do jump one more or one more less jumping effort than another. However, these classes are about getting onto the course and having fun, so we have found that this flexible approach works. We have given you the option to miss the water, however 20 penalties would be awarded if you choose to do so.
