## **Ring One – Working Hunter Ring**

Looking for a partnership who would be safe out in the hunting field. A horse / pony should negotiate the course with confidence jumping what is in front of them, knock downs are better than refusals, you wouldn't want to be behind a pony that suddenly puts in a stop, but it happens. Manners are paramount, you may be asked to negotiate a gate type obstacle as part of the course so will your pony stand still when asked ? There are marks for manners, plus style and conformation and a special rosette to any rider who attends with the necessary tools for out hunting, that's your hunting whip, wire cutters and a hip flask, all equally important for a day's hunting. This is a 'have a go' ring and we'd like to see as many of you as possible coming forward.

These classes will be run on a large flat ring and from 65 cms may incorporate natural obstacles.
