

Mechanical Millie & Emily Lloyd

A Horse Simulator Experience

Saturday 25th June

Times: TBC

Mechanical Millie is back out & about strutting her stuff.

Ever wondered what your body should be doing in walk, trot & canter?

Need to build those muscles up or improve the position?

Want to develop a better understanding with your horse?

Are you frozen and cannot seem to progress with your riding?

A horse simulator that is fully portable machine travelling the whole of the UK & completely powered by your movement.

If you do not move in sync with the horse she stops.

Polishing the saddle in canter? She stops.

This piece of kit allows to break down each movement for you & develop them to allow you independently & effectively influence your horse.

£35pp

Please book in via our website.
