Pick and Mix Classes:

Riders must attempt one jump from each line of fences where all height are together (for example, the first log or the railway crossing), they may choose to jump other jumps of the height they choose. The easiest

way to select your pick and mix track is to choose a height you would like to jump, follow that course and jump larger fences on the easy fences or select a smaller option on a more daunting fence.

A and B Sections are solely for qualification purposes. Sections will be combined for placings.

All Hunter Trial classes will include a clearly marked fastest time section

The timed section may include knockdown fences or a gate to negotiate. If knocked down 10 penalties will be incurred for each jump. If included, in the pairs class, there will be two knockdown fences positioned side by side and each rider must jump a different one of the knockdown jumps. A maximum of 20 penalties can therefore be incurred.
